Hi,

My name is Dave Quinn. I have been involved in our great sport for over 35 years. I assist promote judo events with my business TopJudo.com I am an International Judo Press Photographer. I am also a British Judo Association Referee, Coach and a Competitive 5th Dan. Among a number of things, I produced a Free Local Advertising Mini Paper with a circulation of 20,000. You have seen my photos in 'Matside' a BJA publication. I am currently promoting my New Judogi. Which is why you will see I am offering Free Judo Suits to selected competition winners. You may have noticed a number of judoka wearing the 'Topjudo' Badge on their judo uniforms. In order to promote our great sport I supply Free pictures to badge wearers via the Internet. Whether or not we plan together how to further your tournament, good luck in judo now and always.

'May Your Ippons Be Sweet And Neat' Dave Quinn

PAGE 2 of 4 COMPETITION PROMOTION PACK FREE JUDO SUITS & PHOTOS Plus

Top Judo are proud to bring together their most popular offer on the planet (can you tell we're excited). 2009 was our 10th Anniversary and to celebrate the fact we are still standing, we brought together an amazing offer never seen before in the judo world.

We are delighted to have been producing and supplying photos to International Judo Magazines and Individuals on a regular basis. It is no coincidence that so many judoka are proud to display the 'TopT' Badge on their judogi. Competitors at every level that are interested in our service are encouraged to wear the badge. When we see the badge we do our utmost to capture the best judo action shots they have ever seen. We are delighted to supply the pictures for Free, via the Internet to any badge wearer. If they should require a larger picture (and some do) they are able to order them directly from us. We currently sent them all over the world when attending an International Competition. To be honest (if you know judo like we do) it's great fun but not going to make the bank manager happy. Most people requested to purchase an instant picture, but we were unable to supply. When we started, technology was not to the level we required. We're a fussy bunch. So we went to work on producing judo suits of the highest quality. To cut a long story short, we are now extremely proud of our extensive collection of judo suits available to all. It has meant major continual investment. The bigger companies have much bigger purchasing power than us. We are the under dogs.

As judo competitors ourselves we are not afraid of competition, so we have put together a package as follows.

Every judo tournament that is successful in booking us will receive FREE Judo suits for selected categories. We have done this at the Kent International and it was a great success. As we progress we may also be able to supply other free incentives to encourage great competition at your prestigious event.

We have been heavily investing over the years to get our hands on the best kit available so you the customer benefit from stringent quality control of our Instant Photos and Quality Judogi. Now we are ready. If your event would like to come on board with this great promotion, read on. It is FREE to book and you currently receive a FREE DVD Slide show of your Event that we will even give you permission to copy as you see fit. Also, a complimentary FREE Highlights Poster. Both items ideal to promote your future events, again with our compliments. Thanks '**May Your Ippons Be Sweet And Neat**'

T-SHIRTS & START NUMBERS

T-SHIRTS

Top Judo have a wealth of experience producing Official T-Shirts and/or Start Numbers. Producing a quality T-Shirt is most important if you want people to notice and admire it. I have seen many T-Shirts produced where it is clear little pride or imagination has gone into the artwork and presentation. Many with simply an address on the front and a pile of names on the back that are so small they are eligible.

We have been creating artworks for posters, CD's and leaflets for years. So, design and presentation are paramount to us. Because we have an extensive library of pictures, photos and artworks, it is easy for us to utilise, giving you an original idea from design to concept. Alternatively we are happy to work with your ideas if you would like to be more hands on.

Even if you have never thought about upgrading your event with an official T-Shirt before, TopJudo would be happy to advise you on the best course of action to progress. Should you decide to work with us we are happy to split the profit 50% even though you may have had very little input other than to assist us with stall positioning.

START NUMBERS

There's no doubt about it, having start numbers on the judogi is like a badge of honour for a lot of competitors. It's not only a statement that they have competed in a high level championship that demands exceptional organisation skills but also it shows the world that they are a competitor that enters elite tournaments. Add to that, the fact that it advertises your event for as long as it's seen, and is easy to see why officials are enquiring more and more. It's another way to find even more enthusiastic entrants endeavouring to enter your competition. If you would like to take the economy route and supply your own material, no problem. We are also happy to meet your full requirements should that be your request.

PAGE 4 of 4 COMPETITION PROMOTION PACK
BADGES * CERTIFICATES * KEYRINGS * ETC.

Creating a competitive environment that is fondly remembered is seldom achieved without putting a little extra into your tournaments presentation. Many competitors will leave with magic memories and many will leave, lets say, not with the results they would have preferred. However, its not as difficult or expensive as you may think to go the extra mile and put positive attitudes back in the hearts of the young practitioner and fond memories into the history books of the mature entrant.

Top Judo have been producing memorial Badges and Souvenirs for Numerous events. One of our customers has been giving judo badges to all their competitors annually for over 10 years. Competitors actively search out the latest edition to add to their entrants growing collection. The competition now has to turn potential entrants away as they have over 1000 judoka applying. The same competition has us produce competitors Certificates. We can't say that because of our products it's successful, but we can say, this competition goes the extra mile to please all their entrants and their competitors know it.

We never forget 'Officials' contribute massively to making every tournament the success it is. So, not forgetting their worth we supply a number of products that they would be pleased to receive. We have produced officials printed shirts, blouses and T-Shirts. Bottle Openers, Key Rings, Fridge Magnets, Cup Coasters and even Make-up Mirrors all displaying the Competition Logo or Motif.
